**INTERVIEW SUMMARY**

On October 22, 2008, the undersigned phoned the examiner and left a detailed voice message challenging the objection to the drawings raised by the examiner on page 2 of the Notice of Allowance dated October 10, 2008.

In particular, it was pointed out that " $\alpha$ " represents a varying angle, as claimed, and that it is appropriate to use the same symbol for Figures 4-6, which illustrate a varying angle.

In a return voicemail on October 23, 2008, the examiner concurred and indicated that he would withdraw the objection and issue a Supplemental Notice of Allowance.

Respectfully submitted,

**DICKINSON WRIGHT PLLC**
